I love unicorns and rainbows ,

ThisGame is very very frustrating when you die and you

have so many things speaking of that you can never really g
et so many things because

like people just pop out of nowhere. I think ; I don t like I
don t think it s necessary

to have a game mode where are you there has to be ; Wi-Fi usu
ally people aren t in their

houses sometimes they are but a lot of families are really active and
just ; having the

need to have them have a Wi-Fi thing that s just crazy. There are so m
any glitches I

can t ; even handle it when I m like about to get so many thi
ngs like there s a glitch

and then it makes ; me bump into someone and for people who a
re saying oh this game has

no grudge is it all what ; are people talking about or so wro
ng it s probably because the

game like some more that s what people think but ; of the gam
e like in the more that s

not true it s actually just the games fault and none of yours ;

; if you think that s your

fault don t think it s the game developers and the lags on it it s non
e of ; your

business for it to be going wrong. And I would really appreciate it if
they would add

some more ; colors for the snake making. And when ever you li
ke or about to be the

biggest somebody has to cut ; you off. And people all over th
e world think this is a

frustrating game and I agree with them and ; like when ever t
here is some glitch it s not

your fault it s your devices the game and the game developers ;

; don t think it s any of

your faul.
