

jogo do cassino

It took four attacks to break the German defence line in May 1944. After heavy fighting, a Polish unit reached the top of Monte Cassino and planted the Polish flag among the ruins of the destroyed monastery. The road to Rome lay open. On 4 June 1944, American forces seized the Italian capital. Battle of Cassino | Anne Frank House

anne frank

On attack at Cassino, was General Sir Bernard Freyberg. A New Zealander of imposing physical appearance and impressive reputation, Freyberg was a legendary hero of World War II.
